National Law University, Delhi (‘University’) is seeking to engage one ‘Consultant (Organisation)’ on a six (6) month contractual basis, for Project 39A. The consultant will be responsible for developing and implementing a study on ‘Survivors of Child Sexual Abuse and the Justice System’ (‘Proposed Study’).

About Project 39A: Project 39A draws inspiration from Article 39-A in the Indian Constitution on equal justice and opportunity in the legal system. We work on issues specific to the criminal justice system, and undertake litigation, research and outreach relating to forensics, torture, legal aid, forensic psychiatry and death penalty (for more information on Project 39A, visit www.project39a.com).

About the Proposed Study: Following increasing reporting and media attention on sexual crimes in the country, the last decade in India has witnessed an unprecedented uprising against these crimes and resulted in an enhancement of sentences for sexual offences, particularly against children. The Criminal Law (Amendment) Act, 2018 enhanced the mandatory minimum sentences for rape, and introduced the death penalty for rape of a girl below the age of 12 years. Following this, the Protection of Children from Sexual Offences Act, 2012 (‘POCSO Act’) was amended in 2019 which introduced the death penalty for aggravated penetrative sexual assault with a child below 18 years. The aim of the Proposed Study is to understand the experiences of child survivors and critically examine the implications of higher sentences, including the death penalty, on their participation in the criminal justice system.
