The National Law University Delhi, in light of India's G-20 Presidency, is organising a series of Round Table and Panel Discussions which are scheduled to take place across the year.

The themes of the Discussion Series are influenced and inspired from the theme of India's G 20 presidency, that is, "*Vasudhaiva Kutumbakam*" or "One Earth · One Family · One Future", and the United Nations Sustainable Development Goals.

The key objectives of the Discussion Series will be:

- ❖ To discuss, deliberate upon India's preparedness to address the challenges highlighted under the G-20.
- ❖ To identify areas for cooperation between India, Quad partners and other emerging economies, to bring together representatives from the Government, Civil Society, Researchers and Legal Experts working on the intersection of the themes given under G-20
- ❖ To discuss perspectives and stance on the themes of the G-20;
- ❖ To identify potential next steps in supporting the government's efforts in the areas of promoting cybersecurity resilience, promoting technological transformation, advancing green development, encouraging women-led development, strengthening IP framework and addressing other relevant issues at multilateral forums.

By the end of this Discussion Series, we hope to identify the potential next steps in supporting India's efforts to achieve its objectives under the G-20 Presidency.
