“There shall justice prevail”

The logo of National Law University Delhi is composed of 3 elements: n (N), l (L) and u (U) which are interlinked by the second element L. In its totality, it represents the harmonious confluence of disparate elements (disciplines) and levels- a rule that Law and its executive, the judicial system also performs. Individually, the 'N' and 'U' are downward and upward facing respectively, symbolizing polar (and complementary) outlooks through which Law threads its way. The extension of L or Law beneath the level (layer) attempts to encapsulate the concerns of equality and social justice. The emphasis is on the 'Rule of Law' (represented by the L) in promoting social justice, particularly targeting the vulnerable population, which is lowest on the social ladder. Its columnar arrangements suggest an upholding of justice, equality, fraternity and human rights in all their facets to reach a secular democracy.

PGIP Programme

Postgraduate Insolvency Program (PGIP)

Master of Arts (MA) / Master of Laws (LLM) in Insolvency

1. About the Programme

- India's insolvency ecosystem is growing rapidly, yet the supply of qualified Insolvency Professionals (IPs) continues to fall far short of demand. The Insolvency and Bankruptcy Code (IBC), 2016 has transformed how distressed assets are resolved, but its effective implementation depends on professionals who combine legal acumen, financial literacy, and a deep understanding of the regulatory framework.
- The two-year Post Graduate Insolvency Programme (PGIP) by National Law University Delhi (NLUD) offers a direct, structured route into the insolvency profession. The programme integrates one year of residential academic learning at NLUD with one year of professional training ensuring graduates are equipped for real-world practice.

Dual Degree Award

- Upon successful completion of the programme, students receive the PGIP Certification authorised by the Insolvency and Bankruptcy Board of India (IBBI), along with a separate Master of Arts (MA) / Master of Laws (LL.M.) degree in Insolvency awarded by National Law University Delhi (NLUD), subject to fulfilment of academic requirements.

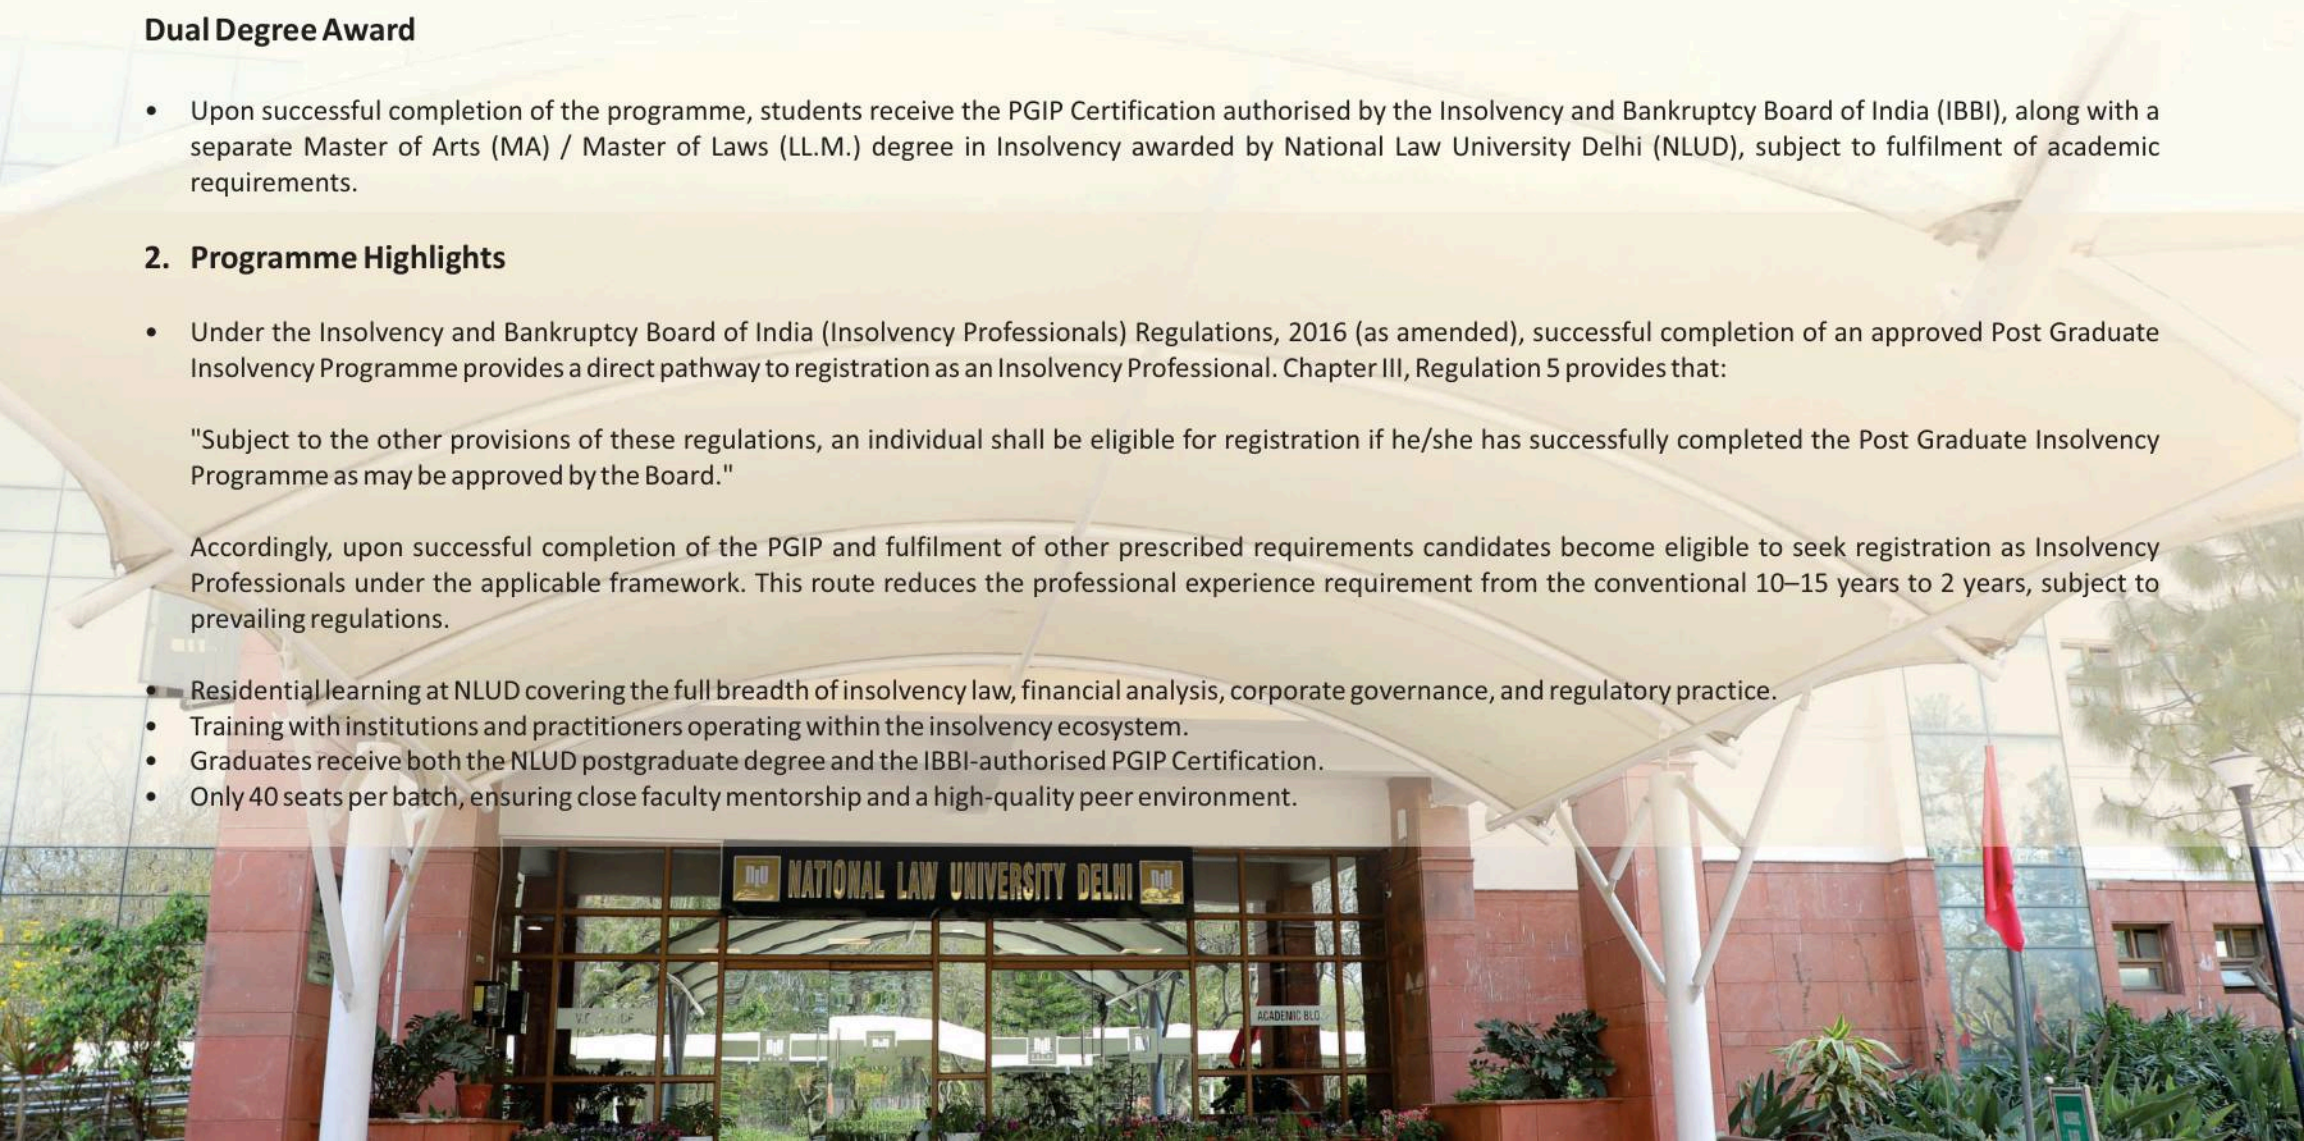

2. Programme Highlights

- Under the Insolvency and Bankruptcy Board of India (Insolvency Professionals) Regulations, 2016 (as amended), successful completion of an approved Post Graduate Insolvency Programme provides a direct pathway to registration as an Insolvency Professional. Chapter III, Regulation 5 provides that:

"Subject to the other provisions of these regulations, an individual shall be eligible for registration if he/she has successfully completed the Post Graduate Insolvency Programme as may be approved by the Board."

Accordingly, upon successful completion of the PGIP and fulfilment of other prescribed requirements candidates become eligible to seek registration as Insolvency Professionals under the applicable framework. This route reduces the professional experience requirement from the conventional 10–15 years to 2 years, subject to prevailing regulations.

- Residential learning at NLUD covering the full breadth of insolvency law, financial analysis, corporate governance, and regulatory practice.
- Training with institutions and practitioners operating within the insolvency ecosystem.
- Graduates receive both the NLUD postgraduate degree and the IBBI-authorized PGIP Certification.
- Only 40 seats per batch, ensuring close faculty mentorship and a high-quality peer environment.

3. Curriculum Overview

The programme is structured across two years. The first year is residential at NLUD and covers foundational and advanced academic modules; the second year consists of structured professional training.

Year 1 — Academic Modules (Indicative)

- Insolvency and Bankruptcy Law

- Candidates who are in their final semester or awaiting results of a qualifying examination may also apply and appear for the Entrance Test. However, eligibility must be confirmed by the cut-off date notified along with the Entrance Test result. Candidates placed in a compartment in the year of admission will be treated as ineligible.

Academic Initiatives

Abhyasa Initiative

The existence of Niti (i.e. law and institutions) does not easily translate into Nyaya (i.e. justice) in the real-world. This divide is essentially bridged through sustained effort i.e. Abhyasa or practice in the right direction by developing skills and using tools that are helpful in legal practice. Legal pedagogy must thus be complemented with the need to develop skills that prepare students to be future ready. Towards these ends, National Law University Delhi has launched the NLUD Abhyasa Initiative with an aim to achieve higher levels of educational consciousness by bridging the divide between academic learning and practice.

The NLUD Abhyasa Initiative will seek to bring in experiences of practitioners and professionals in respective areas (except seminar courses) by way of assigning specific topics which delve on the practical aspects of the subject. Practical aspects such as filing/drafting applications, understanding specific rules and procedure, technical/scientific dimension which are important from an evidentiary/factual perspective in litigation, special court procedures (if any) that are adopted to resolve disputes, drafting exercises etc. which are closely aligned with the subject may be undertaken.

The following are the guidelines:

The NLUD Abhyasa Initiative is an initiative that aims to provide legal practitioners or professionals with expertise in specific subjects, including social science subjects. Faculty members are responsible for coordinating these activities and drawing from a panel of experts. This policy applies to all undergraduate subjects taught at NLU Delhi, except seminar courses. Each subject will contain a component covering 20% of class hours. If faculty members seek exemptions due to difficulties in administering a specific subject, the CDC will have such courses exempted upon approval by the Vice Chancellor.

The activities conducted under this initiative will be evaluated and graded within the 75 marks component of the course curriculum. The Curriculum Development Committee (CDC) will approve the panel of experts and forward the final consolidated list to the examination department, social media section, and finance section. The CDC will consider potential overlaps between specific topics undertaken as activities under this initiative and those undertaken in clinical courses.

The Examination Department will assist the CDC in preparing the list of topics and formulating the timetable for activities. The Finance section will be responsible for payment of honorarium and other expenses. Each practitioner may be provided Rs 5000/- for two hour class activity or as specifically approved by the Vice Chancellor in exceptional cases

All activities conducted under this initiative will be organized in post-lunch hours between 2:30-4:30 pm from Monday-Friday to avoid conflicts with seminar courses and other university activities. Activities under this initiative will only be conducted during September-November and March-May of the respective semesters.

Activities under this initiative are in addition to regular class hours and are considered tutorial classes according to the BCI Regulations. If a specific activity is cancelled or rescheduled, it will be conducted again during the specific slot assigned to the subject.

Research Initiatives

Eklavya

Eklavya- the Research Affiliation Programme (RAP) is an effort by National Law University Delhi (NLU Delhi) to bridge the gap between legal academia and those who engage with the law in various forms outside the University. It is meant as an invitation to those who work with the law in myriad ways to engage with legal academia and in turn, it is also an opportunity for the University to benefit from perspectives that don't usually find their way into academia.

Universities are envisaged to be the places for creating and nurturing knowledge in a liberal ecosystem. However, higher education institutions typically struggle with the requirement of openness as these places are inevitably restricted to only members of these institutions. There is a need to open up universities and make them more broadly available for the purpose of research and different forms of knowledge creation. Thus, through Eklavya, the University will open its doors to bring in those engaged with the practice of law while continuing to infuse academic rigor into the development of such legal scholarship

The narrative of Eklavya, derived from the ancient Indian epic Mahabharata, serves as a timeless representation of exemplary discipleship. Eklavya, who was initially denied the opportunity to learn the art of archery by a renowned master, took it upon himself to acquire the skill outside the confines of the traditional "Gurukul"- an esteemed institution of learning. Eklavya's tale embodies the remarkable capacity to seek knowledge and assimilate it through unconventional means. In today's context, Eklavya symbolizes the expectation that educational institutions should embrace a more inclusive approach, allowing aspiring learners to freely pursue their quest for knowledge.
